

Nasrullah

WordPress & Angular UI Developer

I am a results-driven Software Developer with over three years of experience in web development, specializing in WordPress, Wix, Squarespace, HTML, CSS, and JavaScript. At SAUFIK Technologies, I also work as a UI Developer on Angular-based projects, creating clean and responsive interfaces and handling Git-based workflows. I focus on building user-friendly, visually appealing websites and continually improving my skills to stay aligned with modern development practices. I am adaptable, quick to learn, and committed to delivering high-quality work in every project.
